ABOUT ME

Mechanical Engineering professional with B.Tech degree and NSQF Level 5 certification in CNC Programming. Currently working as a Training Officer at NTTF with hands-on experience in CNC programming, CAD/CAM software (CATIA, SolidWorks, Fusion 360, AutoCAD, Mastercam), metrology, and dimensional inspection. Experienced in training diploma students, machine operations, and industry-oriented skill development.

WORK EXPERIENCE

NTTF, Chennai | July 2024 – January 2026

Training Officer – CNC & Mechanical

- Delivered hands-on training in CNC programming (Turning & Milling)
- Trained students in CAD/CAM software: CATIA, SolidWorks, Fusion 360, AutoCAD, Mastercam
- Conducted dimensional inspection using Vernier Caliper, Micrometer, and Bore Gauge
- Supervised conventional machines and surface grinding operations
- Prepared lesson plans, demonstrations, and practical assessments
- Ensured lab safety, machine maintenance, and training documentation

Training of Trainers (TOT) – NSDC Approved

NTTF | 2023 – 2024

- Completed 1-year NSDC-certified Training of Trainers program
 - Gained expertise in pedagogy, curriculum planning, trainee evaluation
 - Actively trained CNC operators under skill development initiatives
 - Applied competency-based and outcome-based education methods
-

EDUCATION

APJ Abdul Kalam Technological University | 2019– 2023

- B.Tech in Mechanical Engineering
- Minor: Computer Science and Engineering
- CGPA: 8.06 / 10

PROJECT

Design and Fabrication of Variable Pitch VAWT

- Designed, fabricated, and tested a 1/3 scale laboratory model
 - Focused on performance analysis and structural design
-

SKILLS

CAD / CAM Software

- Fusion 360
- CATIA
- SOLIDWORKS
- AutoCAD
- Mastercam

CNC & Manufacturing

- CNC Programming (Turning & Milling)
- Conventional Machine Operations
- Surface Grinding Machine
- 3D Printing (Basic)

Metrology & Quality Inspection

- Vernier Caliper, Micrometer, Bore Gauge
- Dimensional Measurement & Tolerance Checking
- Inspection as per Engineering Drawings

Analysis & Tools

- ANSYS (Basic)

Computer Skills

- MS Office (Word, Excel, PowerPoint)
 - Canva (Technical presentations & training materials)
-

CERTIFICATION

- NSDC : PRODUCT DESIGN IN CATIA
 - NSDC – NSQF Level 5 Certification in CNC Programming
 - PG Diploma in Vocational Education (NTTF)
-
