138/1, East Street vattathur, Cuddalore, 608702.

Objective

To obtain a challenging position in a high quality engineering environment where my resourceful experience and academic skills will add value to organizational operations. To be placed in a company in which I can use my technical skills and leadership qualities to the upliftment of the company and personal growth

Experience

L&T TECHNOLOGY AND SERVICES

July 2021 - May 2022

ELECTRICAL TECHNICIAN

- * UPS with various capacities (160KVA, 30KVA, 20 KVA, 10KVA make in Eaton) operating and maintenance.
- * Total preventive maintenance of PDP, LDP, ELDP, UPSDP.
- * Operating and maintenance indoor and outdoor VRV at 5TR.
- * Operating and maintenance in AHU at 20 & 25TR.

Education

Park college of engineering and technology Coimbatore

Skills

- Working tool knowledge in AUTOCAD, SOLIDWORKS, CATIA & CREO.
- Knowledge in casting and machining methods.

Roles And Responsibility

- Create a Bill of materials & drawing of mechanical components.

- Create 2D drafting and 3D modeling design for parts and Assembly Drawing creation by using SOLIDWORKS, CATIA and CREO as per ASME standard.
- Preparing DFM drawings as per the design requirements.
- Understand the industry application and design for Manufacturing concept development based on the requirements from the customers
- Making a reverse engineering process to create a product of design and development

Implant Training And Industrial Visit

- Lakshmi gears in Coimbatore
 - Undergo one week implant training learn about gears
- SS system in Coimbatore
 - Undergo one week Implant training about manufacturing of Solar and UPS Power system
- Nandhini casting in coimbatore
 - Undergo one week implant training about heavy engineered components

Projects

- **Academic Main Project : SOLAR POWERED WIRELESS ROBOT FOR ARMY**

Robotics is one of the main research field in modern ages in which the nations are concentrating on military purposes in the state of war and peace. This project presents a modern approach of using zigbee technology at remote and border areas like defense and military applications. In addition to this project, improvisation can be done by taking the pictures of surrounding area.

Declaration

- I hereby declare that the above details are true to the best of my knowledge and I will produce my best for the betterment of the organization.
