Top Technical Skills

- Solidworks
- Autodesk Inventor
- AutoCAD
- Catia V5
- PTC Creo
- SAP: Material Management
- Ansys Workbench
- Microsoft Office Suite
- 3D printing

Courses

Professional Mechanical CAD,
Diagonal CAD
2018

Tool Design
Central Institute of Tool Design
2018

3D Printing Software
University of Illinois at Urbana-
Champaign| Coursera
2020

Language

Tamil 

English 

Lithuanian 

German 

Experience

2021-Present

UAB Medical Technologies LBI, Kaunas, Lithuania

Konstruktorius – Projektuotojas

- Design and development of medical gas supply units, pendants, and other products with other expertise.
- Creation of 3D CAD models, Assembly with help of Autodesk Inventor, solidworks and AutoCAD
- Creation of technical documentation and drawings for manufacturing
- Actively contribute to and support the transition from prototype to manufacturing
- Open discussions regarding design problems and to solve them.

2018 - 2019

Starvel Equipments, Coimbatore, Tamil Nadu, India

Jr. Design Engineer

- Supported more than 15 development process with expertise on hydraulic machinery manufacturing with respect to the client requirement
- Actively contribute to and support the transition from prototype to manufacturing
- Developed parts of product by using Solidworks includes 3D CAD modelling, technical Drawings, Creation of BOM and maintenance of 3D CAD files
- Conduct research on design trends and materials
- Performed Quality control received parts from the external suppliers.
- Participated in more than 20 technical meetings and open discussions regarding design problems and to solve them

Education

September 2019 - June 2021

Kaunas University of Technology, Kaunas, Lithuania

Master's degree in Industrial Engineering and Management

July 2014-April 2018

Sathyabama Institute of Science and Technology, Tamilnadu, India

Bachelor's degree in Automobile Engineering
