

MITHUN CHAKKARAVARTHY. M

EXPERIENCE

Design Engineer Ras Al Khaimah - UAE

01/2023 - Current

- Conducted benchmarking analyses of electric and hybrid vehicle systems to identify industry standards and emerging trends.
- Vehicle-Level Scanning:** Led full-scale vehicle digitisation projects, capturing comprehensive interior and exterior geometries to support digital twin development and reverse engineering.
- Manikin Precision Scanning:** Conducted high-resolution scans of occupant manikins to verify alignment against baseline CAD models.
- Managed H-point measurement (HPM) procedures to ensure vehicle seating configurations met global safety and ergonomic standards (SAE J1100, J826).
- Performed scanning operations as part of the imaging process to ensure data accuracy and quality.
- Managed the handling and maintenance of scanning equipment to support an efficient workflow.
- Developed and optimised scanning procedures to improve operational efficiency.
- Collaborated with team members to troubleshoot technical issues during scanning activities.
- Monitored the quality control of scanned data to guarantee adherence to standards.
- Collaborate with cross-functional teams to integrate design solutions effectively.

EDUCATION

B.E: AUTOMOBILE

DR.MAHALINGAM COLLEGE OF ENGINEERING AND TECHNOLOGY -
Pollachi, 01/2021

XII

P.K.D. MATRIC HIGHER SECONDARY SCHOOL - Pollachi, 01/2017

X

P.K.D. MATRIC HIGHER SECONDARY SCHOOL - Pollachi, 01/2015

HOBBIES AND INTERESTS

- Playing cricket and volleyball
- Reading journals and newspapers
- Watching series and movies
- Listening to songs
