

RESUME

RENUGA PRAGADEESWARAN

Mobile : +91 7667076169

Email : renupvmr1510@gmail.com

Country : India

An ambitious and hardworking professional connecting the theoretical and practical knowledge with real-time applications or problems and finding the solutions by researching in-depth reasons behind science are that my strength what I believe

Profile summary

- ✓ Bachelor of Engineering in mechanical engineering from Anna University with 6.95 CGPA (2016- 2020)
- ✓ Conversant with IT Tools – **CREO**(*intermediate*), **SOLIDWORKS**(*intermediate*), AutoCAD and MS Office.
- ✓ Knowledge on part modeling, assembly modeling, drafting, surface modeling, sheet metal, motion simulation, BMX, BOM and GD&T(*intermediate*).
- ✓ Well-versed with the concept of air Conditioning technology & water resource management in Thermal engineering.
- ✓ Presented two papers related to electronics and water resource management

Academic details

- ❖ **B.E. (Mechanical Engineering)** from Thamirabharani Engineering College, Anna University with **6.95 CGPA** (2016-2020)
- ❖ **12th Standard** from Gramma Committee Hr. Sec. School, Venkateswarapuram with **85.92%** in the year 2016
- ❖ **10th Standard** from Gramma Committee Hr. Sec. School, Venkateswarapuram with **96%** in the year 2014

Projects

Title: **Theoretical design and fabrication of mini air- cooler**

Description: This air cooler was designed under the principle method of evaporation with help of a cooling pad (wooden waste-neem tree) which is my third year engineering project.

Title: **Theoretical design of grossis water box for anti-desertification**

Description: Designed the water box to minimize the water loss to the growth of plants from desertification by following the Grossis approach for water box which I did as my DIY Project in my third year.

Title: **Theoretical design of water extractor from the air using ground effect**

Description: Water will be extracted from the atmospheric air which contains in the water vapour of 0.003% proportion. Here, condensation-cooling happens by the temperature difference between ground to the interior level which is my final year project.

Work experience

02/2020 to 03/2020_ **Internship trainee at CRI Pumps Ltd-** Coimbatore.

- ✓ Duty is to handling projection welding machine to arrange the imperller with superior weld for high performance impellers.

02/2021 to 11/2021 – **Company Trainee- Assembly at SL Lumax Ltd.,** Kanchipuram.

- ✓ Duty is to assemble the headlamp parts as full-finished product.
- ✓ Handling materials from the initial stage of housing into EOL stage inspection.
- ✓ Checking the day to day plans with production timing(UPH).

Co-curricular activities

- ❖ Presented Paper at J. P. Engineering College, Tenkasi in the title of “**Intelligent Robo for border security in Defence**”.
- ❖ Presented Paper at Thamirabharani Engineering College, Tirunelveli in the title of “**Grossis Water Boxx for Anti- Desertification**”.

Personal details

D.O.B	: 15-10-1998
Sex	: Female
Languages known	: Tamil and English
Material status	: Unmarried
Nationality	: Indian
Permanaent address	: 3/21,North Street, Venkateswarapuram Tenkasi, Tamilnadu - 627854
Father's name	: M. Pragadeeswaran
Mother's name	: P. Vijaya
Traits	: Being ethical engineer, sincere attitude & dedication, honest on duty

Declaration

I hereby declare that all the information mentioned above is true to the best of my knowledge.

Place: Tamil Nadu

Your's faithfully,

P. RENUGA
